Michael Chen

Email: michael.chen@example.com

Phone: (444) 555-6666

Summary:

AI Researcher with expertise in deep learning, computer vision, and model optimization. Passionate about building scalable AI systems that solve real-world problems.

Experience:

AI Research Scientist, InnovateAI Labs, July 2021 - Present

- Developed CNNs for object detection and facial recognition systems.

- Published 3 papers on model compression and edge AI at leading ML conferences.

- Led a team to deploy models on mobile devices using TensorFlow Lite.

Education:

M.S. in Artificial Intelligence, Stanford University, Graduated: June 2021

Skills:

Deep Learning, Computer Vision, TensorFlow, PyTorch, Model Compression, Python, CUDA
